

PRESS RELEASE

Biznet Festival Returns to Kediri by Holding Biznet Festival Kediri 2019

Kediri, East Java, 14 September 2019 – After conducting the first Biznet Festival in Kediri back in 2016, Biznet returns and greets Kediri by holding the 13th Biznet Festival, titled Biznet Festival Kediri 2019. This year, Biznet is presenting attractive entertainment activities including Dance Competition, Skateboard Competition, PUBG Competition, and music performance from two of the best local bands in Indonesia; Armada and Endank Soekamti. Biznet Festival Kediri 2019 was held at Lapangan Gajah Mada Kediri and everyone are invited to be part of Biznet Festival excitements by registering online via biznetfestival.com.

Since 2016, Biznet has been holding Biznet Festival in various cities across Java, Bali, Sumatera and Batam, including in Tegal, Sukabumi, Purwokerto, Bojonegoro, Cirebon, Tasikmalaya, Palembang, Bali and Batam. Just like the previous Biznet Festival, at Biznet Festival Kediri 2019 all visitors are able to experience unlimited fast Internet service using free Wi-Fi connection from Biznet throughout the event.

“Our decision to return to Kediri to hold the 13th Biznet Festival was based on the potential of the city and its people, especially the young generations, who have been using the Internet to support so many positive digital activities. We continue expanding our coverage area in Kediri with a hope that Biznet Internet connection can become the solution for more and more people to conduct positive digital activities. Also, as a form of our gratitude to the city, Biznet once again conducted Biznet Festival in Kediri, presenting activities that we hope will give high quality entertainment for the public,” said Adi Kusma, President Director of Biznet.

Kediri is part of East Java, located 130 kilometers Southwest of Surabaya. Kediri is also known as the city with the third largest population in East Java after Surabaya and Malang, and is known as the city that is considered as a trading center for sugar and the largest clove industry in Indonesia. In addition, Kediri is also famous because it holds many historical stories for Indonesia.

Biznet Internet Service has been available in Kediri since 2015. Being present in, Biznet services are expected to give support to the people’s business activities especially in trading industry, as well as becoming the solution for many entrepreneurs, both Small Medium Enterprise (UKM) and startups, in advancing their businesses, so that they can give positive contributions to themselves and the people around them. Biznet also provides free Wi-Fi service in several public places such as Taman Sekartaji, Kediri Memorial Park, Taman Ngronggo, and Taman Hutan Kota Joyo Boyo. Locals and tourists who are visiting the parks can enjoy free Wi-Fi through Biznet Wifi service.

“Biznet sees Kediri as a city that has tremendous potential to grow, especially in trading industry, Small Medium Enterprise (UKM) and startups. Therefore, we continue to expand Biznet service area coverage in Kediri. We believe that the availability of Internet has become one of the most important keys for people in Kediri to be able to improve their business so that they can support the growth of society and environment,” Adi added.

Besides aiming to provide fast and high quality internet services for all the people of Indonesian, The New Biznet Fiber network which is the latest, fastest and most reliable Fiber Optic network, is also able to deliver internet services with the best performance and much greater bandwidth capacity to support the current and future needs of digital society in Indonesia. The New Biznet Fiber consist of Terabit Core Router Network, The New Biznet Fiber consists of the Terabit Core Router Network, the 10G/100G Metro Ethernet Distribution Network and the GPON (Gigabit Passive Optical Network) network, which has a very large capacity for the next 5 to 10 years.

For Kediri area, Biznet is providing two kinds of services, from homes/individual segment and for UKM/startup segment at an affordable price, with various packages that customers can choose based on their needs. For homes/individual segment, Biznet comes with Biznet Home service offering Internet package starting from 50 Mbps at

Rp 300,000/month. For business/SMB segment Biznet offers Biznet Metronet service, which is also the best solution for startups. Biznet Metronet comes starting from 50 Mbps at Rp 1,000,000/month. For the people in Tasikmalaya who desire reliable performance and dedicated Internet to support the increasing business requirements, Biznet also offers Biznet Dedicated Internet that comes with Internet service starting from 30 Mbps at Rp 6,000,000/month.
