

PRESS RELEASE

## Welcoming 2021, Biznet Aggressively Expand Network Coverage to More Cities and Areas in Indonesia

**Jakarta, 21 January 2021** – In welcoming 2021, Biznet as an integrated digital infrastructure company in Indonesia is getting more aggressive in running network expansion to more cities and areas, to answer the increasing demand for a fast and stable WiFi Internet connection. This year Biznet will focus on network expansion in several cities and districts that include Jabodetabek areas, such as DKI Jakarta, Bogor, Depok, Tangerang, South Tangerang, and Bekasi, as well as several cities in Java such as Surabaya and Sidoarjo. Moreover, Biznet will also focus on network expansion in more areas in Denpasar, Bali, which is in line with the opening of Biznet branch offices in those cities.

*“Since the beginning of the pandemic back in March 2020, we have been seeing a significant increase in the demand for WiFi Internet connection at home. Therefore, we keep doing our best to be able to provide the highly needed Internet service, not only in big cities, but also in medium and small cities as well. So, Biznet accelerates the process of network expansion in more cities, districts and areas in Indonesia,”* said Adi Kusma, Biznet President Director.

As per today, Biznet networks have been available in more than **110 cities** along Java, Bali, Sumatra, Batam, Kalimantan and also Sulawesi. With more than **50,000 KM of Fiber Optic Cable**, Biznet homepass has also reached **700,000 homepass**. Biznet networks are supported by The New Biznet Fiber, a new fiber network with the latest technology and excellent performance that provides a much bigger capacity to accommodate technology and digital challenges in the future.

The advertisement features the Biznet Home logo at the top left. Below it, the text reads 'Beli 6 Bulan Gratis 6 Bulan.' followed by 'Dapatkan Penawaran Lebih Hemat Selama Masa PPKM.' The background shows a woman in a white shirt sitting at a desk, working on a laptop. A Biznet router is visible on the desk, with three wireless signal icons above it. A small red tag with the text 'S&K Berlaku' is attached to the bottom right of the image.

This year's network expansion process will be rolled out massively. Not only focus on the network expansion, but also on the opening of numerous branch offices that are hoped to be able to provide better services for all customers. In the Jabodetabek area, as per today Biznet has opened 3 branch offices in Bekasi, 2 branch offices in Bogor, 2 in Depok, 17 in DKI Jakarta, 3 in Tangerang, and 4 in South Tangerang.

For the Denpasar area, Biznet has been operating 4 branch offices that will support customers in Denpasar area as a whole, since Denpasar has become one of the best remote working destinations in the world since the pandemic. In the East Java area, Biznet is also focusing on opening new branch offices and has officially opened 6 branch offices to provide fast and stable WiFi Internet service for customers in Surabaya and its surrounding areas. For customers who register for Biznet service in January 2021 Biznet is also announcing a special **Buy 6 get 6 Months promo**, offering a more economical Biznet Home package for families at home. *\*For more information about Biznet coverage area, visit [biznetnetworks.com](http://biznetnetworks.com).*

For the South Tangerang area, the availability of Biznet has received positive responses from its people. Recently, Biznet has officially opened two new branch offices in the area, which are **Biznet Tangerang Selatan – Bintaro Branch Office**, and **Biznet Tangerang Selatan – Cirendeudeu Branch Office**, and both will focus on serving customers in South Tangerang area. *“We have got many requests from the people of South Tangerang to provide a fast and stable WiFi Internet. So, we are delighted that finally we can expand our network to South Tangerang, and we hope that Biznet service can be the best solutions to support the people’s activity, especially during the pandemic where we are still required to do WFH and online learning from home,”* added Adi.

Aside from aggressively expanding coverage area, this year Biznet will still be supporting digital activities during the pandemic. The number of COVID-19 cases is still increasing in many cities in Indonesia, which has brought many significant changes in our life. So Biznet together with PrimaMedix has the initiative to support by taking part to help those who are in need through a special donation program called PrimaMedix Mask Donation Program to Hospitals in Denpasar, DKI Jakarta, Surabaya, Bekasi, Depok and also Sidoarjo. Moreover, Biznet is also working together with

PrimaMedix in running maseker giveaway programs to Biznet customers, which is hoped to provide maximum protection during the pandemic.

At the same occasion, Adi Kusma also expressed his gratitude for Biznet's success in becoming an internet provided with the highest speed for Netflix streaming, based on data launched by Netflix on <https://ispspeed.netflix.net/country/indonesia>.

*"This achievement has become a motivation for us to start with 2021, which also motivates our team to continue providing the best service for customers. Thank you for the support throughout the year, and I personally hope that Biznet can always be the trusted solution to provide a fast and stable WiFi Internet connection to support our customers' digital activities,"* said Adi.
