

PRESS RELEASE

Biznet Continues to Expand Area Coverage in Makassar City

Makassar, South Sulawesi, 12 November 2021 – As part of Biznet's commitment and effort in providing fast and stable WiFi Internet service to more areas in Sulawesi Island, Biznet officially announced its network expansion in Makassar City. This network expansion is expected to be able to answer the people's needs of fast and stable WiFi Internet connection in the area, in order to support the growing digital activity and lifestyle. This network expansion was marked by the opening of two new branch offices, **Biznet Makassar Maccini Branch** which is located at Jl. Mount Bawakaraeng No.111H, Tompo Balang, Bontoala, Makassar 90151 and also **Biznet Branch Makassar Parang Tambung**, which is located at Ruko Permata Mutiara Blok B, No.21, Jl. With Tata, Makassar 90223.

Hello, Makassar!

Biznet will be available
in more locations in Your city.

As the capital city of South Sulawesi, Makassar is one of the cities that has developed rapidly, including the growth of digital technology in the city. Moreover, this city will also be developed into a metropolitan city in the next few years. The rapid development of this city is certainly cannot be separated from the role of reliable and high-quality technology. Therefore, Biznet has expanded its network to Makassar City, which is expected to inspire the people to be able to utilize Internet services in carrying out digital activities in all sectors and industries. Currently, Biznet's network is available

in several areas in Makassar including Ujung Pandang Baru Village, Lembo Village, North Karuwisi Village, Malimongan Baru Village, Suangga Village, Kalukuang Village, Wala-Walaya Village, Kaluku Bodoa Village, Timungan Lompoa Village, Bontoala Village, La'latang Village, Baraya Village, Tallo Village and Ujung Tanah Village.

"Seeing the rapid development in Makassar City, Biznet is more confident to expand our network and services that can support the various digital activities of people in Makassar. Moreover, we also realize that the current rapid growth of technology has changed people's lifestyle and has provided many benefits for all of us. Therefore, Biznet's presence in Makassar is expected to be a solution and an answer for the increasing of reliable Internet needs in the midst of the digital era," said Adi Kusma, President Director of Biznet.

Nowadays, Internet technology is becoming the people's primary need for their daily activities, where most of the activities is now shifted to digital and online. Including the Internet and technology, which have important role in the business development process. The presence of Biznet is also expected to be able to provide the best choice of reliable Internet services, with various services that can be chosen based on their needs.

For Makassar area, Biznet provides several service packages specifically designed to answer the needs of different market segments, including:

- **Biznet Home service**, an Internet service for the housing/apartment segment with price starting from Rp 330,000/month with a bandwidth capacity up to 30 Mbps.
