

PRESS RELEASE

Biznet Operates New Head Office in Bali, World's Favourite Destination for Remote Working

Jakarta, Indonesia, 19 August 2020 – Changes that are happening in the world today create new working methods including Work From Home (WFH) and remote working, which allow us to work from anywhere, as long as we have high-speed Internet connection. One of the best remote working destinations is Bali. Not only offer inspiring views and environment, Bali also has reliable Internet network infrastructure from Biznet, an integrated digital infrastructure company in Indonesia, that provides world-class Internet connection to support remote working activities in Bali.

"Today, Bali is not only famous as one of the world's best holiday destinations, but its also known as the best remote working destination with the best facilities that support working activities, including the inspiring and breathtaking natural beauty, as well as countless hotels/resorts/villas/apartments. Moreover, we understand that working activities will not be running well without the availability of a fast and reliable Internet connection. Therefore, to continue supporting remote working activities during the current pandemic, Biznet is presenting the leading technology infrastructure with world-class Internet and WiFi services, in many hotels/resorts/villas/apartments in Bali," said Adi Kusma, Biznet President Director.

As a world-class remote working destination, Bali is definitely the perfect location for anyone who searches for the perfect working location, especially in this challenging conditions. Working in a place surrounded by nature will give us inspirations to bring out new creative ideas to our work. Natural surroundings and fresh air can create opportunities to maintain our health by doing exercise in between working hours. This kind of work and life balance will keep our body in shape and be more productive at work. Moreover, friendly traffic conditions and friendly Balinese people will become important factors that support our productivity at work, so that our work life balance can always be maintained.

Biznet recently opened a new Head Office in Bali, located in Karang Mas Estate Area in Jimbaran, or known as the Ayana Area. The area that consists of several hotels AYANA Resort & Spa BALI, The Villas by AYANA, RIMBA Jimbaran Bali by AYANA and AYANA Residences BALI apartments, has received many awards for their high quality beauty and service, which ensures to provide all facilities to support working activities. In the near future, Biznet Bali Head Office will have a complete team that consists of around 60-80 people, which will support Biznet Head Office Jakarta functions in terms of sales, technical and back office administration.

Remote working activities will not be running effectively without proper support from high quality Internet connection. Therefore, Biznet is committed to support remote working activities in Bali by continue expanding network and coverage area. Biznet network has covered around 80% of total Bali area, and as world-class tourist destination, Biznet network has been available in most hotels/resorts/villas/apartments located in various spots in this island. With Biznet WiFi connection, users can have convenient working experience in many hotel/resort/villa/apartment facilities without having to worry about Internet connection issues.
