

PRESS RELEASE

Biznet Successfully Maintained Position as the Fastest Fixed Broadband Provider in Indonesia, Speedtest Version

Jakarta, Indonesia, 25 October 2021 – Speedtest has recently released the updated list of the fastest fixed Internet broadband service in Indonesia, which was tested and announced by Ookla for Q3 2021 period on <https://www.speedtest.net/global-index/indonesia?fixed#fixed>, and Biznet successfully maintained its position in the top spot as the fastest Internet broadband with the highest score 42.17.

“This is a great achievement for Biznet that we successfully maintained position as the fastest fixed broadband Internet in Q3-2021. This achievement becomes the result of the support from Biznet team’s passion and positive performance in providing the best service to support digital activities for all customers. And this achievement that we received coincided with Biznet 21st anniversary, becomes a motivation for us to continue improving our service quality and expanding our network to more areas/cities in Indonesia, so that all people in Indonesia can connect to reliable Internet service from Biznet,” said Adi Kusma, President Director Biznet.

In this digital era, Internet has become a major facility for various daily activities including working, studying, shopping, online business and also for entertainment at home. Seeing the growing digital lifestyle, in 2021, Biznet is still focusing on expanding its network to more areas/cities in Indonesia. Currently, Biznet Fiber Optic network has reached more than 55,000 KM along Java, Bali, Batam, Bangka, Sumatra, Kalimantan, Sulawesi and Flores Islands that have been available in more than 130 cities. In October 2021, we have also expanded our network to Labuan Bajo, Manggarai Barat, East Nusa Tenggara and was marked by the opening of Biznet branch office.

Besides the network expansion, Biznet also provides Biznet Home service package with bigger bandwidth capacity starting from 85 Mbps with a price of Rp 375,000/month. Biznet hopes that this service can provide fast and stable Internet that can support people’s digital activities.

“On behalf of Biznet, please allow me to sincerely thank all customers for trusting Biznet in providing fast and stable Internet service to support your digital activities. Moreover, I would sincerely thank our business partners, colleagues and also our media friend for always supporting and accompanying us to walk together in continuing improve our service quality for the satisfaction of all our customers,” said Adi.
