inter City

fiber optic network by *BiZNET*

connecting cities to the world

WELCOME LETTER

Nowadays, Internet has played an important role in our daily life, it's not just for business but also for personal communications. Biznet realized that the need for high performance and reliable Broadband Internet service as well affordable price are becoming requirement for everyone. Internet has become part of our daily life.

With those requirements, we looked at our service portfolio and we would like to position Biznet MetroNET service, our broadband service for small medium business becoming cheaper at the same time still delivering performance and reliability of the service. Starting from 1 February 2008, priced Biznet MetroNET 256 Kbps at Rp.1,000,000/month. Biznet MetroNET packages are available from 512 Kbps to 5 Mbps, depending on the customer requirement and budget. Biznet Metro Monthly Promo provides 4 units iPod Nano and 1 unit LCD TV 32" from Feb to Dec 2008 for new or upgrading customer subscribing to Biznet Metro's services.

MAX3 Internet, which positioned for residential users, also being upgraded from existing 5 Mbps to 10 Mbps of true broadband speed. MAX3 is the fastest broadband Internet service in Indonesia.

MAX3 is available in several areas like Cipete Utara, Melawai, Kramat Pela, Cilandak, Bangka and few others.

Biznet Surabaya Branch Office starts operation as of 14 March 2008, with office located in Surabaya CBD area. Our Fiber Optic Network is under construction in there as well, expected to start operation in several buildings in Surabaya by in April/May 2008. If you have requirement for Broadband Internet Service or Leased Line Service, please contact your Account Manager. You can expect the same quality of service and performance like what we have delivered in Jakarta.

Thank you for the continuous support and trust you have given to us. We will continue to improve our services and coverage area to serve you better.

Warm Regards,

Adi Kusma
President Director

Biznet InterCity
Next Generation InterCity Network

Biznet InterCity Network provides connectivity between major cities located in Indonesia. These cities are connected with high capacity Fiber Optic Network Infrastructure to support data, voice and video transmission.

Biznet InterCity

Starting mid January 2008, Biznet has started another new innovative project called Biznet InterCity. Biznet InterCity Network provides connectivity between major cities located in Indonesia. These cities are connected with high capacity Fiber Optic Network Infrastructure to support data, voice and video transmission. In current initial project, Biznet will connect from Serang (Banten) to Bandung (West Java) with high capacity and high performance Fiber Optic Network.

Biznet Networks represents one of the industry's most advanced deployments of digital optical technology, it allows us to upgrade the network capacity and offers a broader range of higher speed data transport services to content providers, enterprises, and service providers.

Biznet InterCityWAN Service
Biznet InterCityWAN Service is an inter city loop service offered by Biznet using NG SDH (Next Generation Synchronous Digital Hierarchy) equipment to support SDH and Ethernet based service technology. It supports point to point and hubbed configuration options across a wide range of bandwidth options and interfaces.

Proven Performance
Biznet InterCity provides you with a superior network design to deliver top performance network. We guaranteed 99.8 percent Service Level Agreement (SLA) uptime with the lowest packet loss and latency.

World-Class Premiere Care
Biznet Premiere Care is the heart of our proactive support service to our customer. Network performance constantly monitored 24x7 at Biznet Global Network Operating Center facility in Jakarta, Indonesia. With multiple support level system to ensure all the issues resolved quickly and effectively to minimize downtime for you and your customer satisfaction.

Biznet InterCity Network is using the latest Next Generation - Synchronous Digital Hierarchy (NG-SDH) equipment from Nokia Siemens Networks with 10 Gbps or STM-64 capacity, that support both traditional SDH/TDM and Ethernet packet based services.

Biznet Global IP Transit Service

As one of the leading telecom infrastructure company in Asia, Biznet offers Global IP Transit with redundant equipments, ultra high speed connections to all the major Internet backbones and Internet Exchanges, and ensuring routing and bandwidth allocation available at all time. Biznet Global IP Transit is the best choice for you and your customers.

Biznet Global IP Transit services provide direct connection to multiple Global Tier 1 Internet Providers and leading Internet Exchanges in the world. Using our service removing the hassle to negotiate direct peering agreement with major content providers in Asia, Europe and USA.

Proven Performance
Biznet Global IP Transit provides you with a superior Internet experience. We guaranteed 99.9 percent Service Level Agreement (SLA) uptime, the lowest packet loss and latency, direct connection to major Internet Exchanges in the world using multiple submarine cables as redundancy. Many telecom carriers, ISPs and enterprises have been using this network since year 2000.

World-Class Premiere Care
Biznet Premiere Care is the heart of our proactive support service to our customer. Network performance constantly monitored 24x7 at Biznet Global Network Operating Center facility in Jakarta, Indonesia. With multiple support level system to ensure all the issues resolved quickly and effectively to minimize downtime for you and your customer satisfaction.

Global POPs Location
Biznet GlobalPOP located in Jakarta   Indonesia, Singapore, Hong Kong, Tokyo   Japan, Seoul South Korea,   Palo Alto   USA and London   UK. Biznet is actively expanding our GlobalPOP coverage.

Biznet Global IP Transit Service is available for ISPs, Telecom Operators and Mobile Operators who need Tier 1 Internet Bandwidth capacity. Service capacity available from 10 Mbps to unlimited bandwidth with attractive pricing. If you are interested with this service, please contact our **Carrier Relation Team** via email **carrier@biznetnetworks.com**.

> Biznet Global IP Transit Service is available for ISPs, Telecom Operators and Mobile Operators who need Tier-1 Internet Bandwidth capacity.

Massigit Dian Santosa
Project FTTH Engineer

Massigit Dian Santosa joined Biznet on March 2006 as Customer Care. Sigit was transferred to Technical Support in January 2007, then in August 2007 he's been assigned as Project FTTH Engineer. Through hard work and dedication, Sigit is now responsible for managing day to day operation of Biznet FTTH Infrastructure, surveying, designing and supervising Biznet FTTH network infrastructure project. He also need to support and lead implementation of Biznet's growing network infrastructure.

Sigit, the father of three children, likes to go hiking and traveling during his free time. Besides his hobbies, he likes to improve his technology & networking skill using e learning on the Internet.

He hopes that someday Biznet will reach its vision & mission. He also dreams that eventually

Biznet can go international and become the next generation telecommunication provider for business users and residential in Asia Pacific.
