I Licik dan pintar merupakan beberapa karakteristik ular yang paling menonjol. Karena kelicikan dan kepintarannya, ular kerap dijadikan lambang yang mewakili karakter kecerdasan, keagungan dan materialisme. Ular sangat analitis dan materialistis sehingga mereka memilih untuk menjalani kehidupan terbaik yang ditawarkan. Ular memilih hidup dalam ketenangan dan jauh dari kebisingan.

Tahun Ular Air di 2013

Dimulai dari tanggal 10 Februari 2013 dan berakhir di tanggal 30 Januari 2014, tahun Ular Air 2013 diprediksi akan memberikan harmonisasi dan keseimbangan dari semua kombinasi elemen yang ada di bumi. Ini menandakan bahwa Tahun Ular Air 2013 akan menunjukkan tren yang lebih baik dibandingkan Tahun sebelumnya. Segala bencana, baik yang disebabkan oleh manusia maupun alam, dan segala bentuk baik perselisihan maupun permusuhan, akan berkurang di Tahun Ular Air 2013.

Ajaran Cina kuno percaya bahwa keberadaan ular di dalam rumah merupakan pertanda baik, karena itu memiliki arti bahwa keluarga Anda tidak akan kelaparan. Orang yang lahir pada Tahun Ular memiliki karakter menarik, cukup cerdas dan bijaksana. Mereka merupakan mediator yang besar dan baik dalam melakukan bisnis. Karena itu, Anda pasti memiliki keberuntungan jika Anda lahir di Tahun Ular.

Mereka dapat menjadi mudah stress ketika hidup mereka dalam kondisi yang tidak damai. Mereka memerlukan ketenangan untuk berkembang dan berhasil. Ular bekerja sangat keras dan cenderung pindah-pindah dalam pekerjaan karena mereka mudah bosan. Ular air sendiri mempunyai pengaruh terhadap lingkungannya, karena mereka dapat bekerja sangat baik dengan orang lain, memiliki motivasi yang kuat, wawasan yang luas dan memiliki intelektual yang tinggi.

Perdamaian juga akan menghampiri negara-negara yang sedang bergejolak. Banyak negara akan berdiplomasi lebih baik satu sama lainnya. Peluang keuntungan pemasukan devisa bagi beberapa negara akan meningkat tajam. Koalisi di bidang politik akan semakin kuat dan saling menguntungkan. Secara keseluruhan grafik pertumbuhan di Tahun Ular Air 2013 menunjukkan peningkatan yang signifikan dengan adanya sumber daya baru yang cukup untuk mewujudkan kemakmuran bersama.

Semua tanda-tanda itu sangat dimungkinkan karena Tahun Ular Air 2013 didukung oleh kemunculan dua bintang keberuntungan, yaitu bintang "Kebajikan" dan bintang "Kepintaran". Bintang "Kebajikan" akan membantu mencapai tujuan hidup, baik dalam hal karir, keuangan, pendidikan, kesehatan dan asmara. Disisi lain, bintang "Kepintaran" secara signifikan akan memberikan peruntungan lebih di sektor pendidikan. Tingkat kepuasan, prestasi dan pengakuan akademik yang tinggi akan selalu mendukung setiap orang, di sektor bisnis pada umunya dan pendidikan pada khususnya.

Berkaitan dengan Bulan Februari yang juga bertepatan dengan Hari Kasih Sayang di tanggal 14 Februari 2013, orang yang memiliki shio ular memiliki sifat romantis tetapi bisa juga sangat cemburu, dan mereka dapat terus bersikap begitu kepada orang yang sudah tidak lagi menjadi pasangan hidup mereka. Hal ini merupakan fakta bahwa Ular memiliki ego yang besar. Ia memiliki kekuatan dan akan mencoba yang terbaik untuk berpegang teguh pada posisinya. Banyak wanita dan laki-laki dengan kepribadian yang kuat lahir di tahun Ular Air.

Tetaplah semangat dan optimis bahwa hari esok akan lebih baik dari hari-hari sebelumnya, dan kita harus optimis bahwa Tahun 2013 adalah Tahun yang lebih baik dibanding Tahun-Tahun sebelumnya.

Glenda Chong

Not Just A News Anchor

RECALLS EARTH SHAKING MOMENTS DURING HER COVERAGE OF A NATURAL DISASTER

As a child, Glenda Chong had dreamt of taking on the exciting profession of being a news anchor, but nothing had prepared her for the day when the earth literally slid away beneath her feet and still she hung on to get the job done.

That career defining moment was in 2008 when an earthquake hit Sichuan Province, China. Having joined Channel NewsAsia, Glenda was assigned to cover the disaster and she rushed to the location with her cameraman, linking up with the CNA crew that had just arrived earlier.

On scene, she was struck instantly by the brutal reality. "In a blink of an eye, everything that you see, everyone that you love, can be taken away. It was like a nightmare... I experienced the first after-shocks. When the shaking started, the earth slid away from under my feet," she recalled.

While keeping her safety and that of her crew well in hand, Glenda did her best to maintain her personal balance, juggling between her professional duty to report the news, and empathising as a human being with the survivors. "That experience made me realise how vulnerable life is. That this world won't last forever," she explained.

Nevertheless, she does not consider being in close proximity to danger as a needless risk. To her, it's all part and parcel of being a journalist. "I'm fortunate because I knew exactly what I wanted to be since I was a kid. My father was a news observer and we used to watch the news together every day. It played a large part in my decision to take up journalism as my college major," she shared. Even a brief teenage fascination with biology and reconstructive surgery couldn't sway her from her chosen work.

Following her journalistic instincts, Glenda kept moving forward and deeper into the areas affected by the earthquake. The terrain was treacherous, with heavily damaged roads everywhere, and the issue of hygiene became a huge concern. In the midst of all this, she managed to speak to several survivors.

Photo credit: SCMP, MediaCorp

This picture was taken in Sichuan in 2008, a year after an earthquake hit that area in China.

Her starkest memory is that of an interview with a mother who fought for survival while trapped under fallen debris with her baby. Out of dire necessity, the mother had fed her baby with her own blood. Upon discovery by rescuers, mother and baby were rushed to the hospital. Despite losing her husband and being paralysed by her injuries, her struggles were a testimony to the power of a mother's love for her child.

"Nothing prepares you to cover a natural disaster. The only thing I could do to help the victims was by spreading the news to the public. That way, more people would know and could send help," Glenda said.

Born in Singapore and standing at a height of 1.69 metres, Glenda graduated *summa cum laude* with a Bachelor of Science degree in Broadcast Journalism from Boston University, USA. She also holds a Master's Degree in Social Sciences (International Studies) from National University of Singapore.

Today, she hosts a programme called *Primetime Asia*, along with her co-anchor Timothy Go. The programme is broadcast every Monday to Friday, at 6-7 PM (JKT). As a news anchor, Glenda's job goes beyond just reading the news. "I don't just present the show," says Glenda. "I'm also involved in the production, research, and editing process."

Having expressed no interest in the parallel world of entertainment, she makes a point to keep up-to-date on the latest information; before presenting live, she studies the news, does background research, and also checks her email, Facebook, and Twitter accounts. Glenda also monitors news about Indonesia, such as the upcoming presidential election in 2014. Her experience in reporting directly from the field has increased her love for her profession.

Primetime Asia - Glenda Chong & Timothy Go.

HER PARENTS ONLY FIND OUT ON TV

Glenda enjoys the full support of her parents regarding her choice of career. However, they still worry when she travels to hostile or disaster areas. "I never tell them where I'm going so they won't worry. I just say that I have an assignment for the next few days. But eventually they find out after seeing me on TV covering news from dangerous places," said Glenda, laughing.

FACTS ABOUT GLENDA CHONG

- Has good understanding of Bahasa Indonesia. It is said that one of Glenda's great-grandmothers came from Indonesia.
- Takes time to reply to comments in *Primetime Asia*'s Facebook account along with her news anchor partner, Timothy Go.
- Likes doing yoga, hiking on weekends and playing with her dog to relax.
- Two memorable experiences for Glenda early this year was when she covered the election in Taiwan and by-election in Myanmar on April 1st. Glenda was in Yangon, Myanmar for a week.

After three years as a correspondent in Shanghai, Glenda is back home and can now spend more time with her family. She lives in a cozy condominium on her own but still spends weekends with them. "If I'm not on duty abroad, I always visit my parents' home," she said.

When Glenda covered the Taiwan election earlier this year.

Glenda loves her pet dog named Pinto. The nine-year old wire fox terrier frequently appears in pictures with Glenda and she keeps those photos on her laptop. "He's my consolation during my free time. Pinto is a fun and obedient dog," says Glenda with a big smile.

Outside of work, Glenda frequently travels to Indonesia to visit her best friend, Evi Nasution, Vice President of Project Financing in a well-known Japanese bank. She also likes to visit Jason Tedjasukmana, news anchor and college friend while studying in USA. Jason's career started in RCTI, Metro TV, before he became a correspondent for TIME Asia. "We have always kept in touch. That's why I'm pretty familiar with what's happening in Indonesia," Glenda said.

History of Valentine's Day

E February is known as the month of love, and people can celebrate Valentine's Day on 14th of February. Valentine's Day has become the momentum for many people to show their love and compassion, not only to their spouses, but also to their family and friends. There are many versions of the history of Valentine's Day that has made Valentine's Day became the day of celebration for most people in the world.

One version of the history of Valentine's Day is the life of a Priest who lived in Rome in the third century. He lived in the kingdom led by notorious Emperor Claudius with an ambition to enlarge military force and he wanted all men in the kingdom to join the force. Unfortunately men were reluctant to join the force since they did not want to leave their families and loved ones behind. Claudius was then furious and he immediately ordered his officials to conduct a crazy idea.

Claudius then came up with the a rule that prohibits marriage in the village. The unreasonable order has made many couples afraid to be married. Looking at the condition, St. Valentinus refused to agree and he did not follow the order, and continued to perform his duties as a Priest, and kept conducting a Holy Matrimony for couples in love. The Emperor finally heard about St. Valentinus' reckless action, and immediately gave him a warning, which was ignored by St. Valentinus who continued doing his job as a Priest inside a small chapel lit only by candlelight.

Until one night, he was captured by Roman soldiers when he was blessing a couple. The couple managed to escape, but poor St. Valentinus was caught by the soldiers. He was thrown into prison and sentenced to death by beheading. Instead of being insulted by people, St. Valentine actually visited by many people who support his action. They threw flowers and messages through the window of the prison where he was detained.

One of the people who support him and believe in love, is actually the daughter of the man who guarded his prison. The guerd allowed his daughter to visit St. Valentinus in prison. The daughter and St. Valentinus often talk and share their stories for quite sometime, and she has made St. Valentinus' spirit grows again, until he finally sentenced to death on February 14.

I Februari dikenal sebagai bulan penuh cinta, dan dirayakan oleh banyak orang setiap tanggal 14 Februari. Hari Valentine telah menjadi momen bagi banyak orang untuk mengungkapkan rasa cinta dan kasih sayang mereka, tidak hanya kepada pasangan, tapi juga kepada keluarga dan teman. Terdapat banyak versi sejarah terjadinya hari Valentine yang menjadikannya salah satu hari paling dirayakan di seluruh dunia.

Salah satu cerita sejarah hari Valentine adalah cerita mengenai seorang pendeta yang hidup di abad ke-III. Pendeta tersebut hidup di sebuah kerajaan yang dipimpin oleh Kaisar Claudius yang terkenal kejam dan memiliki ambisi untuk memiliki pasukan besar, dan ia ingin setiap laki-laki di kerajaannya untuk bergabung dengan pasukan tersebut. Sayangnya, para laki-laki di kerajaan tidak mau bergabung dengan pasukan tersebut karena mereka tidak ingin meninggalkan keluarga dan orang-orang tersayang mereka. Claudius kemudian murka dan langsung memerintahkan anak buahnya untuk menjalankan sebuah ide gila.

Claudius membuat peraturan yang tidak mengizinkan adanya perkawinan di kerajaan. Aturan yang tidak beralasan ini membuat banyak pasangan takut untuk menikah. Keadaan tersebut membuat St. Valentinus menolak untuk setuju dan melanjutkan tugasnya sebagai Pendeta, dan terus melakukan pemberkatan nikah bagi pasangan yang jatuh cinta. Sang Emperor suatu hari mengetahui kegiatan tersebut dan langsung memberikan peringatan, yang tidak digubris oleh St. Valentinus, dan terus melakukan kegiatannya di dalam sebuah kapel kecil yang disinari oleh lilin.

Sampai suatu malam, St. Valentinus ditangkap oleh pasukan tentara Roma saat sedang melakukan pemberkatan. Pasangan yang dinikahkan berhasil melarikan diri namun malang St. Valentinus tertangkap. Ia dimasukkan kedalam penjara dan diancam hukuman mati. St. Valentinus tidak dihujat oleh masyarakat, namun ia justru dikunjungi oleh banyak orang yang mendukung aksinya Mereka melemparkan bunga dan pesan melalui jendela tempat dimana ia ditahan.

Salah satu orang yang mendukungnya dan percaya akan kekuatan Cinta adalah putri dari pria yang menjaga penjara tempat St. Valentinus ditahan. Sang penjaga mengizinkan putrinya untuk datang berkunjung, dan mereka pun sering berbicara dan berbagi cerita selama beberapa waktu, dan putri penjaga tersebut dapat membangkitkan kembali semangat dan perasaan cinta St. Valentinus, sampai akhirnya ia dihukum mati pada tanggal 14 februari.
