

PRESS RELEASE

## Fast and Stable Internet Service from Biznet Has Been Available in Labuan Bajo Since October 2021

**Labuan Bajo, West Manggarai Regency, East Nusa Tenggara, 15 October 2021** – Coinciding with Biznet's anniversary this October, Biznet officially announced the expansion of its network to Labuan Bajo area, West Manggarai Regency, East Nusa Tenggara. This network expansion was marked by the opening of Biznet Manggarai Barat Labuan Bajo AYANA branch office, which is located at AYANA Komodo Resort Waecicu Beach Retail, 9th Floor, Waecicu Beach. Biznet, as an integrated digital infrastructure company in Indonesia, provides Internet services for business and retail segments for people in Labuan Bajo, which is expected to be the answer for the need of fast and stable Internet connection in order to support people's digital lifestyle. Labuan Bajo becomes the first area in Flores Island, East Nusa Tenggara, that is covered by Biznet's network, whereas the process of expanding the network is currently underway to cover other cities or areas on the island as well.

### Halo, Labuan Bajo!

**Biznet akan hadir**

di lebih banyak lokasi di kota Anda.

*"The growth of the digital lifestyle and the development of tourism in Labuan Bajo needs to be supported by reliable technological infrastructure, especially since the start of the pandemic, which is still ongoing until today. This is also in line with the high demand of Biznet's network expansion in Flores Island as well as the increasing need for the fast and stable Internet service. Hopefully, the expansion of our network in Labuan Bajo area can be the best solution for the digital activities of the people in the area. Moreover, this network expansion will certainly be continued to other areas in East Nusa*

*Tenggara,"* said Adi Kusma, Biznet President Director.

As a tourism city, the development of digital infrastructure is one of the determinants in the future of tourism in Labuan Bajo, especially on the availability of Internet services, since the hotel industry is continue growing in Labuan Bajo, along with the increasing number of the visitors or tourists. To continue supporting the development of Labuan Bajo and to recover the tourism industry in Indonesia, which is impacted by this pandemic, Biznet also expands the network that is expected to inspire people to utilize Internet services when doing digital activities in all sectors and other industries. Currently, Biznet's network is available in several areas in Labuan Bajo including Batu Cermin Village, Gorontalo, Labuan Bajo, Macang Tanggar and Wae Kelambu Village.

For Labuan Bajo area, Biznet provides various service packages that are specially designed to fulfill various market segments. Therefore, Biznet provides fast and stable Internet service for business segment such as SMEs, startups, and large-scale companies through Biznet Metronet service and Biznet Dedicated Internet. Moreover, Biznet also presents service for housing area through Biznet Home service with package options as needed of the people in Labuan Bajo. The package price starts from Rp 450,000/month with speed up to 30 Mbps.

*"With the existence of Biznet network in Labuan Bajo, we hope that it can support the development of digital technology and the growth of tourism industry in this city. In line with Biznet's commitment, we will always provide integrated digital technology services for the people in Indonesia,"* Adi Kusma concluded.
