

PRESS RELEASE

Officially Provides Reliable Internet Service in Tasikmalaya, Biznet Holds Biznet Festival Tasikmalaya 2019

Tasikmalaya, West Java, 7 September 2019 - Biznet, one of the leading telecommunications and multimedia companies in Indonesia continues to prove its commitment in answering the increasing demand for a reliable Internet service. One of the strategies done by Biznet to answer the demand is by expanding its network to more cities in Indonesia, including Tasikmalaya. Biznet's network is now officially available in the city, which is one of the cities in West Java. Biznet's presence in Tasikmalaya is also being celebrated by holding **Biznet Festival Tasikmalaya 2019**, an event that offers high-quality entertainment for the people of Tasikmalaya, which also becomes a place for those who wants to know more about Biznet's services that can support various daily digital activities.

Biznet Festival Tasikmalaya 2019 is part of Biznet Festival event series that has been successfully conducted in various cities including Kediri, Bali, Batam, Sukabumi, Tegal, Purwokerto, Bojonegoro, Cirebon and Palembang since 2016. Biznet is bringing Kotak and Endang Soekamti to Biznet Festival Tasikmalaya 2019, which was conducted at Lapangan Dadaha, Tasikmalaya. Seeing the increasing number of people who love online games, Biznet Festival Tasikmalaya 2019 also held MOBA (Multiplayer Online Battle Arena) competition with various attractive prizes for students in Tasikmalaya.

"We are holding Biznet Festival in Tasikmalaya as a form of our appreciation for the support that people has given to Biznet. By having this event, we are introducing Biznet's services with a hope that all of the services that we provide can become a suitable solution for many people, to hold a main role in many activities being rolled out along with the rapid growth of today's digital technology. At the event, we are presenting various high-quality entertainment activities such as performances from two top Indonesian band and MOBA competition which has become one of the main hobbies for millennial generations," said Adi Kusma, President Director of Biznet. Biznet Festival Tasikmalaya 2019 is open for public, free of charge, and the people of Tasikmalaya and surrounding cities can be part of this event by simply register online via www.biznetfestival.com. Visitors can also get an experience a fast Internet access during the event, with free Internet connection from Biznet Wifi.

Tasikmalaya is one of the cities in West Java that has a great potential in the creative industry. Therefore, West Java government has planned to build a center of creative industry that can help people in Tasikmalaya to explore their creativity and create innovations in order to grow the city. This plan is also one of the government's efforts in preparing the people, especially young generations, in Tasikmalaya to be ready facing the era of Industry 4.0. In line with the efforts, Biznet also presents **The New Biznet Fiber**, the latest fiber network supported by reliable and sophisticated technology that can give the best service performance with much bigger capacity. Thus, the latest fiber networks is hoped to meet the demand of people in Tasikmalaya for a reliable Internet service, as well as to help government's effort in making Tasikmalaya as one of the smart cities in Indonesia.

Adi added, "As an Internet service provider, we consider Tasikmalaya as one of the cities that we are focusing in terms of expanding our network fully, as in covering the whole city. Not only because of the ever-increasing Internet demand, Tasikmalaya is also known as a city that has various tourist attraction, ranging from cultural tourism to beauty natural attractions. The improvements of tourism industry can increase the number tourists coming to Tasikmalaya for holiday. We do hope that Biznet services can also be used and utilized to further develop tourism industry by more people in this city."

For Tasikmalaya area, Biznet is providing two kinds of services, from homes/individual segment and for UKM/startup segment at an affordable price, with various packages that customers can choose based on their needs. For homes/individual segment, Biznet comes with Biznet Home service offering Internet package starting from 50 Mbps at Rp 300,000/month.
